Deb Tuchsén is passionate about drawing, photography and polymer clay. She especially loves portraiture -- taking people's family photos and making wonderful drawings or paintings for a family heirloom.

Her polymer clay work mainly involves customizing millefiori canes for beads for school and college jewelry and custom face canes. The school and college jewelry has her own design of a school or college logo in the school colors; many of the designs are used for fundraising purposes. The face canes are intricate, detailed canes with varying skin tone and hair color -- some even with mustaches! To see more of Deb's work, go to:

Deb will demonstrate how to make a pansy cane.

November Silent Auction -- Rules

- Members bring polymer clay art that they have made, tools and/or materials that can be used in polymer clay artistry.
- Members who donate items must fill out an auction form that describes the item as well as set an opening bid. Forms will be available during the meeting. To fill out the form before the meeting, go to: http://www.ntpcg.org/OtherFiles/NTPCG_Silent_Auction_Form.pdf
- During the meeting, members place bids beside the items they wish to win.
- At the end of the meeting, the Ways & Means Chair will call the auction, notify the winning bidders, and arrange for payment. Good luck !!
